Manuscript ID: ME\_\_\_\_\_

This Agreement is ancillary to the Copyright Transfer Agreement between the Author and the societies listed below ("the Societies"), regarding the above- referenced Article ("the Article").

***The Societies:*** *Japanese Society of Microbial Ecology (JSME); Japanese Society of Soil Microbiology (JSSM); Taiwan Society of Microbial Ecology (TSME); Japanese Society of Plant Microbe Interactions (JSPMI); Japanese Society for Extremophiles (JSE)*

The Author hereby grants the Societies a non-exclusive, worldwide license to publish any supplemental contents or supporting materials submitted in connection with the publication of the Article ("the Supplemental Material), electronically or in any other format or medium. JSME shall act as the representative copyright holder, authorized to make decisions on behalf of the Societies regarding matters concerning the copyright of the Article. The Author agrees to take sole responsibility for any damages, claim, liability or costs caused by any violation of these representations and warranties and to indemnify the Societies.

The Author understands and acknowledges that: 1) the Societies do not edit the Supplemental Materials; and 2) the Supplemental Material is not subject to any modification after publication, although the Author may use an erratum or author's correction published in the *Microbes and Environments* to correct errors, pursuant to the Instructions to Authors.
